Vehicle/Equipment Exporter:

You MUST complete the Vehicle/Equipment Export Worksheet and FAX IT back to us, along with a copy of the TITLE and BILL OF SALE. This package (worksheet, title & bill of sale) must include all requested information. The 3 day (72 business day hours) processing period begins once this office receives this complete package from you. The 72 hour processing time is the minimum amount of time needed to process each application for export.

Once the vehicle/equipment has been approved for exportation, you MUST check in with U.S. Customs prior to taking the vehicle/equipment to Canada. At that time, you MUST present the original title and bill of sale with the vehicle for inspection. For untitled equipment, you MUST present an invoice that reflects the value of the equipment, a specific description of the equipment, and its PIN or VIN number.

You MUST use Exit 275, Pacific Highway exit from Interstate I-5 northbound. You MUST present the vehicle in the secondary lot at Building 1 at U.S. Customs prior to entering Canada.

If you are exporting your vehicle/equipment across the border at a port other than Blaine, you must contact that U.S. port.

the following day. **Weekends do not count** towards the 3-day period. Once again, **the** 3:00pm will not be processed until the following day, meaning the 3-day clock will not start until vehicle will not be ready for export until the following Tuesday. Any paper work received after as there are no holidays with in that time frame. If you submit the paperwork on Thursday your If you submit the paper work on Monday, the vehicle will be ready for export, as long United States. Here are examples of how to calculate when the vehicle will be ready for export, process these documents; during this 3-day period, the vehicle **must** remain in the to you physically taking the vehicle into Canada. It will not take less than 3-business days to mail if you have the ability. These documents must be on file, in our office, 3-business days prior 360.332.2639. Documents may also be hand delivered to our office or we can accept them via e- Once all required documents have been obtained, fax the documents to our office at

1. Vehicle's that are being financed through a U.S. based lender often do not have a titled issued for that vehicle. A letter from the finance company granting permission for that vehicle to leave the country can be used in lieu of title.
2. Off road vehicles often do not have titles issued to them in those cases an invoice can be used in lieu of title.
3. Brand new vehicles bought from dealerships will not have a title. Manufacturers Statement of Origin, (MSO) or a Certificate of Origin can be used in lieu of a title.

A few common exceptions

1. U.S. CUSTOMS & BORDER PROTECTION/NICB VEHICLE /EQUIPMENT EXPORT WORKSHEET. (This document is always required.)
2. Title/Certificate of Ownership, which includes Salvage title, rebuilt title, or flood title. (Because Washington State does not issue a Salvage title the required document to export a salvaged vehicle out of Washington is a PUBLIC DISCLOSURE FORM, which can be obtained from the Department of Licensing in Olympia. Contact Washington Department of Licensing Public Disclosure Section at (360) 902-3760 for further information.)
3. Bill of sale, this can be a hand written document between buyer and seller. If vehicle was a gift a letter of gift can be substituted for bill of sale. If you are the titled owner of the vehicle a bill of sale is not required.

These Documents must be on file with our office for 3-business days prior to export!!!!

Frequently Asked Questions

Here are some of the most frequently asked questions we received. If your question is not answered then please feel free to contact us via e-mail or phone.

1. Do you need originals at the time of application for export?

When you submit the application to our office, it is NOT necessary to send us the originals. A copy of all three of the required documents is sufficient to start the process.

2. What if I don't have the original title?

You will have to get one.

3. Do I need to have the title issued in my name?

No. It is unnecessary for you to have title issued in your name. All that is required is to have the original title and a legal transfer of ownership (bill-of-sale). If you have the vehicle title transferred into your name, you will only delay the process.

4. What if the state I am purchasing the vehicle in has a paperless title issued?

You will have to wait until you receive the paper title. We are not able to communicate with the states that have paperless titles.

5. What if I purchased a vehicle that has an electronic / paperless title?

We will not be able to start the export process until you have received the paper title.

6. Can I have the seller FAX you in a copy of the title and I'll FAX the worksheet?

No, due to the volume of applications we receive, we are unable to receive partial applications and match them up with each other. Please only submit complete applications to our office.

7. What happens if I have already taken my car to Canada and need to export it?

You will have to bring the vehicle back to the United States and submit the application to export. The vehicle must then stay inside the United States until the 72-business hours have elapsed and your vehicle has been cleared for export.

8. What if I cannot get to your office during your normal business hours?

While we cannot tell you what to do, we would suggest that you either have someone you trust export the vehicle during our normal business hours or you can pay a company to export it.

9. Is there any way to expedite the 72-hour process?

No. Our Federal Law mandates this timeframe.

10. Can I take my vehicle to Canada during the export process?

No.

11. Do I still have to wait for 72-business hours if I have an MSO?

Yes.
